Dear Teresa,

On behalf of Step 2's board, staff and clients, we would like to express our gratitude for your group's recent generous contribution of \$1,150. We can not thank you enough for the donation and for inviting us to meet and speak with your members about our organization. Getting the word out about the mission and work of STEP 2 is as critical as our fund-raising.

SWE's support, will allow STEP 2 to continue carrying out its mission of providing comprehensive services to help chemically dependent women and their children rebuild their lives. Your assistance is helping to strengthen our community and we are thankful you believe in this critical program.

Step 2 acts as a safe harbor for families and by investing in these women and children, you are investing in the well being of our community.

Once again, thank you for your support of Step 2. We look forward to a continuing relationship with you and the members of S.W.E.

Warmest regards,

Diaz Dixon
